

# LEAD Renovator Certification REFRESHER

## RRP - Renovation, Repair & Painting Refresher

Renovator certifications expire every five years. Be sure you take this refresher before your expiration date.

Check your certification! If you don't take the 4-hour refresher course before the expiration, you'll have to retake the 8-hour initial course to be certified again.

You must bring a copy of your original certification to this class to receive credit for the refresher/recertification.

Effective in 2010, the EPA requires that all home improvement contractors, property management firms, handymen or others compensated for renovation that disturbs more than 6 sq. ft. (interior) or 20 sq. ft. (exterior) of paint in target housing must complete approved training.

Training provided by  
certified trainer:  
Cornerstone Training  
Institute
